# LET'S GET ACQUAINTED

January, 1954

Dear friends,

Most of you have been getting our catalogs and price lists for a good many years and some of you just in recent years. Each Winter and Summer as we fret and fume over inventory lists, price sheets and reference books in making up the bi-annual catalog we wonder just how many get thrown away upon receipt, how many find a corner or pile to get into or crawl under, how many get a glance and then a good filing and how many really get a thorough scrutiny. Of course we get a good share of orders or we wouldn't be knocking ourselves out twice a year in sending them to you.

It is quite evident though that a large percentage never result in an order. One of the many reasons for this could be that you are not familiar with us, have never met us or heard anyone speak of our stock or service. We'd like to break the ice and have you place that initial order for we are down right certain that you'd come back for more and more year after year. We know because our other customers do. Now we don't clutter up our catalog with testimonials although we have plenty in our files. Folks have written how pleased they were with the stock, the packing or prompt and satisfactory handling of a claim. We'd like to have you write us a little order -- perhaps just to satisfy your curiosity. (Little orders are just as welcome here as big ones in fact we get more of the former.) This is what will happen.

First the order is registered and given a number. It is then checked against the stock record to see whether we can supply the items ordered. If not, substitution suggestions are noted on the order. It is then typed and one copy mailed to you as an acknowledgement or invoice as may apply. If we are sold out of or short of any items, we send along a note or letter stating such and suggesting a substitute if possible. If there are none, a refund check is mailed with the acknowledgement or if we are completely sold out of all stock ordered we send back your remittance. A second copy is filed in the office for permanent record. The third copy is filed as a shipping copy along with sufficient numbers of packing lists. When it is time to ship the copy is sent to the nursery or greenhouse for shipment. You are then immediately notified of the shipment and the contents. In all cases a complete record of all shipments is kept for our mutual benefits.

In preparing your order all stock is hand picked shortly before the shipping date. It is well watered in preparation for the packing. Potted stock is individually wrapped in waxed paper. Bare root stock is carefully bundled or arranged in the box so that the roots are always covered with a mixture of damp sphagnum and peat moss or chopped hay. All but the smallest shipments go forward well cleated in strong wooden boxes. They're just bound to arrive in good condition.

We're sure you will be glad to have tried our stock for our reputation is good the country over and no one yet has built a good reputation on poor stock and/or poor service.

Yours sincerely,

John Vermeulen

Peter Vermeulen

# ROOT GRAFTS

We offer only expertly grafted plants with strong, short cions grafted on healthy piece roots. Entire cion and union is dipped in warm (not hot) parafin immediately after grafting and then stored in boxes in moist peatmoss until callused after which the boxes are placed in cool storage. All shipments will be made between March 15th and April 1st unless otherwise requested or specified or unless, due to inclement weather, period is extended to April 15th.

<b>—BURGUNDYLACE - Laceleaf Red Jap. Maple.</b> Beautiful burgundy-red foliage is gracefully lacinated, striking a happy medium between the cutleaf and the bloodleaf. It's habit is upright but more compact than the atropureum nor does it grow as tall. It is hardy and tolerant.			
1yr gr, 3" pot .....	1.75		1.50
<b>ACER SAC. MONUMENTALE - Sentry Sugar Maple.</b> The most majestic of all the sugar maples with its tall, narrow, full habit making it supreme for all plantings. Glorious in its range of autumn colors.			
1yr gr, 3" pot .....	1.75		1.50

## HARDY AZALEAS

We think we have a very nice selection of the known hardy azaleas. Our 2¼" pot, transplants are sturdy liners grown from cuttings stuck last year and are sure to please.

<b>ABOESCENS - Sweet Azalea.</b> White, June, fragrant.			
24-30" XX, field grown .....	2.25		..
<b>AMOENA, rose-purple</b>			
1yr bedded, 4-8" .....	.35		.30
<b>CALENDULACEA - Flame Azalea.</b>			
2yr X, 2-4" .....	.25		.20
<b>GABLE HYBRIDS.</b> Included in this group are some of the best azaleas yet introduced. We have chosen those that we believe to be the hardiest and the most beautiful.			
<b>—CAROL (R8G)</b> Pure, very bright hose-in-hose pink like Caroline Gable but grows much lower and more compact.			
2¼" pot .....	.30		.25
<b>—CAROLINE GABLE (96G)</b> Hose-in-hose brilliant pink with good foliage.			
2¼" pot .....	.30		..
<b>—CORSAGE (16G)</b> Single, large orchid flowers. Blooms profusely, very showy.			
Sold out this season			
<b>—ELIZABETH GABLE (21G)</b> Large single rose-pink. Very hardy. truly evergreen deep green foliage.			
2¼" pot .....	.30		.25
<b>—F3G</b> Hose-in-hose blood red. Plants dwarf to medium. Much like James Gable (F1G).			
2¼" pot .....	.30		..
<b>—HERBERT (47G) -</b> Large semi-double red-purple, frilled flowers. Strong bloomer and grower. Very hardy.			
Sold out this season			
<b>—LA LUMIERE (100G)</b> Small single bright red flowers. Rather slow growing plant with good habit.			
2¼" pots .....	.30		.25

**AZALEA (cont'd)**

**GABLE HYBRIDS (cont'd)** each per 10 100

—**LORNA (C8G)** Beautiful deep pink, fully double flowers borne in profusion on a compact evergreen plant. Blooms last long without fading.

2 1/4" pots ..... .30 .25  
 1yr bedded ..... .50 .40

—**LOUISE GABLE (13G)** Large double deep salmon-pink satin textured flowers. Very hardy and very attractive.

2 1/4" pots ..... .30 .25

—**MARYANN (38G)** Clear double pink large flowers on a sturdy, very hardy evergreen plant.

2 1/4" pots ..... .30 .25

—**MARY FRANCIS HAWKINS (C3G)** Hose-in-hose deep pink, tall vigorous grower.

Sold out this season

—**MILDRED MAE (69G)** Large lavender flowers spotted bright red in the throat. Broad shapely plant with dense evergreen foliage. Blooms very early and is very hardy.

2 1/4" pots ..... .30 .25

—**POLARIS (118G)** Hose-in-hose pure white flowers somewhat larger than snow and much hardier. Plant is larger and more open.

2 1/4" pots ..... .30 .25

—**ROSEBUD (B5G)** Dwarf, almost miniature, with fully double soft rose pink blossoms that resemble small double roses especially when opening. Extremely floriferous. Will not crowd the smallest garden.

Sold out this season

—**ROSE GREELEY (D3G)** Pure white, hose-in-hose. Plant is compact with good branching habit and hardy. The best white yet offered to replace snow.

Sold out this season

**HINO-CRIMSON.** Our new bright crimson-red kurume that will not fade even in the brightest sun. Introduced in 1944 and fast taking the place of hinodegiri for it is hardier and has far better color both in flower and foliage which is a glossy dark green. It is an excellent plant for both landscaping and forcing. Several customers state that they cannot sell hinodegiri after their customers see hino-crimson.

2 1/4" pot ..... (\$.18 1/2 ea. per 1000) .25 .20  
 (\$.17 1/2 ea. per 5000 or more)

3" pot, 1yr, extra nice ..... .60 .50

(These are choice plants selected last April for re-potting to 3's, kept in the greenhouse until June and plunged, pot and all, in prepared beds in a lath house for additional growth and bud development. Excellent for lining out or repotting for forcing.)

**HINODEGIRI.** Bright crimson kurume.

4-6" XX ..... .50 .40  
 6-8" XX ..... .60 ..  
 8-10" XX ..... .75.. ..

**KAEMPFERI - Torch Azalea.** The kaempferis are the favorites of many for hardiness and color. The species, grown from seed, give a range of color, light to dark shades of salmon-pink to rose-pink. The hybrids are choice selections indeed amongst a choice group.

—**SPECIES**

2-4" X ..... .20 .15  
 4-6" X ..... .25 .20  
 6-9"XX, field grown ..... .60 .45  
 9-12" XX, field grown ..... .75 .60  
 12-15" XX, field grown ..... .90 .75  
 15-18" XX, field grown ..... 1.25 ..

—**CARMEN.** Compact, bushy habit with rose-pink flowers.  
 1yr bedded, 4-8" ..... .35 .30

**AZALEA (cont'd)****KAEMPFERI (cont'd)**

each per 10 100

—**FEDORA**. Large rose-pink flower on tall vigorous plant. Very hardy and still one of the best.

2¼" pot ..... .22½ .17½

—**LATE BLOOMING HYBRID**. A selection of late blooming plants picked from a block of hybrid seedlings. Colors range from salmon-pink to salmon-orange and blooms appear two to four weeks after normal dates.

2-4" X, sdlg ..... .20 .15

4-6" X, sdlg ..... .25 .20

2¼" pot, from ctgs ..... .22½ .17½

3-6" XX, sdlg ..... .30 .25

1yr bedded, 4-8", from cuttings ..... .35 .30

—**MARY**. Large deep pink flower plus vigorous blooming and growth make this one of the favorites.

2¼" pot ..... .22½ .17½

**LEDIFOLIA ALBA**. Pure white, large flower on bushy compact plant with large evergreen leaves. Not hardy everywhere but much desired where it is.

6-8" XX ..... .60 .50

8-10" XX ..... .75 .60

**MAXWELLI**. Low, late blooming, large carmine-red. Not as hardy as hinodegiri but an excellent plant where it can be used. (True strain)

2¼" pot ..... .22½ .17½

**MOLLIS - Chinese Azalea**. Profusion of large trumpet like flowers two to two and one half inches across that bloom before foliage appears in late March to early April. Foliage is bright green turning to gorgeous fall colors of bronze and red.

—**SEEDLINGS**. Colors are orange to red.

3" pot 6-9" ..... .75 .60

3½" pot, 9-12" ..... .90 .75

1yr gr, X, 9-18" ..... 1.00                      ..  
 1yr gr., 3" pot, 9-15" ..... 1.20                      ..

	each per 10	100
<b>CHAMAECYPARIS PLUMOSA AUREA</b> - Gold Plume Cypress.		
1yr X, 6-9" .....	.20	.16
<b>-SQUAROSSA CYANO-VIRIDIS</b> - Blue-Green Moss Cypress. Very showy with soft, finely textured foliage of a blue-green-grey color and a good compact habit.		
2¼" pots .....	.30	.25
3" pot .....	.50	..

### COTONEASTER

<b>-ADPRESSA</b> - Creeping Cotoneaster. Low, dense, creeping sort with bright red berries.		
root grafts from 2¼" pot .....	.50	.40
<b>-ADPRESSA PRAECOX</b> - Early Creeping Cotoneaster. Low spreading shrub growing to about 1½ to 2 ft. Attractive glossy green foliage, small pink flowers and large red fruits in fall make it very handsome and desirable.		
root grafts from 2¼" pot .....	.50	.40
<b>-APICULATA</b> - Cranberry Cotoneaster. A very hardy and handsome shrub with attractive foliage and large red berries.		
root grafts from 2¼" pot .....	.50	.40
<b>-HORIZONTALIS</b> - Rock Cotoneaster. Low, spreading habit, dark green, small glossy leaves and attractive red berries that last long into winter make this plant ideal for rockeries, bank, border and other low plantings.		
2¼" pots .....	.30	.25
<b>-SALICIFOLIA FLOCCOSA</b> - Hardy Willowleaf Cotoneaster. Hardy evergreen shrub with large dark green leaves and bright red berries.		
2¼" pot, own root .....	.40	..
root grafts from 2¼" pot .....	.50	.40

<b>CRATAEGUS OXYCANTHA PAULI</b> - Paul's Scarlet Hawthorne. A very good small tree to 15 feet with bright scarlet double flowers in June and colorful red fruit into winter.		
grafts, 2-3' .....	1.00	.75

<b>CRYPTOMERIA JAP. LOBBI COMPACTA</b> - Lobb's Cryptomeria. Tall, beautiful and majestic pyramidal evergreen tree which is excellently used for accent, boundaries or specimens. The foliage, similar to the giant Redwoods of the West coast, turns bronze in winter. Hardy.		
1yr gr., 3" pot .....	1.20	1.00

<b>FRANKLINIA ALATAMAHA</b> - Gordonia or Franklin's Tree. One of the finer small trees for the home and garden. Large single camelia type white flowers with showy golden yellow stamen are most attractive against lustrous dark green foliage which turns a bronzy-crimson in fall. Flowers appear from late August to frost. Not hardy everywhere but perfectly so here. Prefers moist, peaty, acid soil.		
1yr 3" pot, cutting grown .....	.75	.60

### ILEX - HOLLY

<b>AQUIFOLIUM</b> - English Holly. Becoming continually more popular along with the American holly even though not as hardy. The foliage is a dark, lustrous green and the berries are large and bright red.		
2¼" pot .....	.50	.40
<b>-MALE.</b> A male of the English holly to pollinate the female varieties. Should be planted in proportion of maximum of 1 male to 10 female.		
2¼" pot .....	.50	..
<b>-PYRAMIDALIS</b> - Pyramidal English Holly. An upright pyramidal form with dark glossy green leaves. Hardier than most of the varieties.		
2¼" pot .....	.50	.40

**ILEX - HOLLY (cont'd)** each per 10 100  
**CRENATA - Japanese Holly.** Like the Yew this plant has many varieties and a thousand uses. It is hardy, tolerant, evergreen and popular -- a must have item in your nursery.

—**SPECIES.** Selected for good habit and color.  
 1yr r/c, 6-9" ..... **.17½ .12½**  
 —**SPECIES.** Selected variety with large dark green leaves and tall, vigorous habit.  
 1yr r/c, 6-9" ..... **.17½ .12½**  
 1yr X, 6-9" ..... **.20 .15**  
 (\$ .14 ea. per 1000)

**CRENATA (cont'd)**

—**HELLERI - Heller Jap. Holly.** Extremely dwarf, prostrate, with small leaves and short twiggy growth. Hardy and handsome.

2 1/4" pot ..... .25 .20  
 1yr 2 1/4" pot ..... .35 .30

—**MICROPHYLLA - Littleleaf Jap. Holly.** Small leaves and a compact upright habit make this an attractive useful variety.

2 1/4" pot ..... .25 .20

—**ROTUNDIFOLIA - Roundleaf Jap. Holly.** Large oval dark green leaves on a hardy, compact, bushy plant. Very useful and popular.

2 1/4" pot ..... .25 .20  
 1yr 2 1/4" pot ..... (\$.25 ea. per 1000) .32 1/2 .27 1/2  
 3" pot, 5-7" hvy ..... .50 .40

**GLABRA - Inkberry.** An excellent native shrub, tolerant to most soils and conditions. Dark green leaves turn darker in winter. Shiny black berries are prominent from September to late spring. Very hardy.

2 1/4" pot ..... .25 .20

**OPACA - American Holly.** An old native that is at last receiving its due recognition. Many selected species and some hybrid crosses are being offered today. Some sell seedlings also but remember that only rooted cuttings or grafted plants can be assured of sex, habit and foliage characteristics. All of our plants are grown from rooted cuttings.

**ILEX OPACA  
 PYRAMIDALIS**

left - 2 1/4" pot  
 right - rooted cutting

—**FEMALE.** Species selected for excellent berry color and production, color and shape of foliage, good habit and good hardiness rating. When ordering, please specify mixed or separated types.

2 1/4" pot ..... .50 .40

—**MALE.** A selected male with large bright leaves, known to be a good pollinator. Males should be sold with females to assure berry production -- usually paired, 1 male to 2 females or for larger plantings a minimum of 1 male to 10 females.

2 1/4" pot ..... .50 .40

—**PYRAMIDALIS - Pyramidal American Holly.** An excellent, hardy, pyramidal form with semi-glossy medium green leaves, well spiked and wavy and large, bright red berries. A beautiful plant.

2 1/4" pot ..... .50 .40

—**ROTUNDIFOLIA - Roundleaf American Holly.** Nicely shaped rounded leaves, well spiked, make this female variety very attractive. Color is a nice medium green but darkens quite some in the colder regions.

2 1/4" pot ..... .50 .40

—**XANTHOCARPA - Yellowfruit American Holly.** Bright yellow berries are beautifully contrasted with light green foliage. Hardy.

2 1/4" pot ..... .50 ..

# JUNIPERUS - JUNIPER

each per 10 100

## CHINENSIS PFITZERIANA - Pfitzer Spreading Juniper.

Ever popular for its broad, bushy, spreading habit and feathery, grayish-green foliage.

1yr 2 1/4" pot ..... .30 .25  
2yr 2 1/4" pot, 6-9" ..... .40 .35

## HETZI GLAUCA - Blue Hetzi Juniper. Showy bluish-grey foliage. Broad, spreading-upright habit. Hardy and fast growing.

1yr 2 1/4" pot ..... .30 .25

## HORIZONTALIS PLUMOSA - Andorra Juniper. A popular border, edging or bank plant seldom reaching over 18" in height but spreading some distance. Attractive grayish-green summer foliage turns purplish-pink in winter.

1yr 2 1/4" pot ..... .30 ..

## KOELREUTERIA PANICULATA - Goldenrain-tree. One of the best of the medium sized flowering trees bearing long panicles of bright yellow flowers marked with orange red at the base. Hardy and tolerant.

<b>PYACANTHA COCCINEA LALANDI - Laland Firethorn.</b> Orange-red berries against deep green foliage are attractive in fall and winter.		
2¼" pot, from cuttings .....	.30	.25
<b>PYACANTHA COCCINEA LOWBOY - Lowboy Firethorn.</b> A much improved lalandi with compact bushy habit but the same attractive berries.		
2¼" pot, from cuttings .....	.35	.30

# RHODODENDRON

## GRAFTED HYBRIDS

Again we have imported from Holland carefully selected plants of hardy hybrid varieties. These were received in December, potted in 3½" clay pots in a specially prepared Rhododendron soil and peat mixture and placed in a cool greenhouse for root development. There they will develop a firm root ball after which they will put on an initial growth. After frost danger the sashes from the house will be removed and replaced with lath shade. You will receive healthy, well developed branched plants about 8-12", sufficiently hardened to permit outdoor planting under shade. **READY FOR SHIPMENT ABOUT MAY 15th.**

The following at \$17.50 per 10, \$75.00 per 50, \$135.00 per 100  
(varieties may be assorted)

### EVERY PLANT - A GROWING PLANT

**AMERICA** - excellent red (limit 10)  
**CARACTACUS** - crimson, good compact habit  
**CATAWBIENSE ALBUM** - pure white, good habit  
**DR. DRESSELHUYS** - aniline red, tall  
**DR. RUTGERS** - red, fringed  
**E. S. RAND** - good red, low  
**EVERESTIANUM** - rose-lavender, fringed  
**F. D. GODMAN** - dark red, crimson blotch  
**LADY CLERMONT** - good pink  
**LEE'S DARK PURPLE** - dark purple (limit 10)  
**PROF. BETTEX** - Fine red, good habit  
**MRS. P. DEN OUDEN** - light red  
**PARSONS GLORIOSUM** - rosy-lilac, large flower  
**PARSONS GRANDIFLORUM** - purplish-rose, large flower

## OWN ROOT HYBRIDS

Considerable progress has been made in recent years in rooting the hybrid Rhododendron. While we can not yet offer these in any great quantity we do have an attractive variety list of hardy plants from 3" pots that will be **READY FOR SHIPMENT ABOUT MAY 15th.** The total quantity will determine the rate. Please order in multiples of not less than 5, not more than 25 of a variety.

The following at \$25.00 per 25, \$45.00 per 50, \$85.00 per 100

**ALBUM GRANDIFLORUM** - white, medium, compact (\*)  
**CUNNINGHAM WHITE** - white, vigorous  
**LARGE WHITE** - unnamed hybrid with large white flowers (\*)  
**PURPUREUM ELEGANS** - light purple, dark foliage (\*)  
**ROSEUM ELEGANS** - rose-pink, good habit & foliage (\*)

The following at \$37.50 per 25, \$57.50 per 50, \$105.00 per 100

**ALBUM ELEGANS** - tall, white  
**BOULE DE NEIGE** - good white, compact  
**CARACTACUS** - crimson, good foliage and habit  
**CATAWBIENSE ALBUM** - pure white (\*)  
**CHARLES BAGLEY** - large soft red  
**DR. DRESSELHUYS** - aniline red, tall  
**ENGLISH ROSEUM** - dark rose-pink, good habit & foliage \*  
**E. S. RAND** - good red, low  
**IGNATIUS SARGENT** - light red  
**KETTLEDROM** - good red, compact  
**ROSEUM SUPERBUM** - soft pink, blooms later  
(\*) may order up to 50 each of varieties so marked

# RHODODENDRON

## SMALL LEAVED DWARF SPECIES

	each per 10	100
<b>PRAECOX</b> - Winter Rhododendron. An early blooming dwarf with purplish pink flowers and small dark green leaves. Very hardy.		
2 1/4" .....	.50	..
<b>MYRTIFOLIUM</b> - Myrtle Rhododendron. Compact shrub, dwarf, with rosy-pink flowers in June.

**Pyramidalis**

**Grandifolia**

Developed to replace troublesome Junipers, the rapidly overgrowing arborvitae and the much less hardy Irish Yew. Use for accent, specimens, background. Excellent for hedges as it forms a compact, tight, narrow hedge - a living wall.

**— TALL — NARROW — HARDY —**

**FLUSHING - Flushing Yew.** Large, sturdy needles and strong growth make Flushing a rich, dark green, glossy column. Red berries, sizes C, E, F, G, listed below.

**GRANDIFOLIA - Bigleaf Yew.** Strong sturdy plant with long dark green needles. Rich and unusual.

Available in sizes A, C, D, E, listed below.

**PILARIS - Pillar Yew.** Unusually attractive with gracefully long and narrow needles on shorter vertical branches.

Available in size C only (limit 5).

**PYRAMIDALIS - Pyramid Yew.** Fast growing with vertical branches and graceful foliage. A rich, showy, full bushed pyramid. Available in sizes A, C, E, F listed below.

**ROBUSTA - Obelisk Yew.** Similar to pyramidalis but with heavier branches and habit. Needles are larger and more glossy. Available in sizes A, B, C, listed below.

**SENTINALIS - Sentinel Yew.** The most unusual of all as well as the narrowest. Gracefully curved needles of dark green color on sturdy vertical branches plus dense, narrow habit give this new yew unusual attractiveness.

Available in size C only (limit 5).

**STRICTA - Narrowbush Yew.** Short Needles lend a compact effect. Vertical branches and narrow habit make a desirable plant. Available in sizes A, C, D, listed below.

**VIRIDIS - Grassgreen Yew.** Year-around fresh green color. Strong sturdy growth of vertical branches in slender habit make it one of the best. Sizes A, C, D, E, F listed below.

# VIBURNUM

each per 10 100

**BURKWOODI - Burkwood Viburnum.** Superior to carlesi in foliage which is semi-evergreen and a dark glossy green in color. Flowers are fragrant pinkish clusters, appearing in May.

2¼" pot, own root ..... .30 .25  
 (\$.22½ ea. per 1000)

**CARLESI - Fragrant Viburnum.** An old favorite and rightfully so. Waxy pinkish flowers appear in rounded clusters before the foliage appears and have a pleasing fragrance.

2¼" pot, own root ..... .45 .35  
 (\$.32½ ea. per 1000)

**DILITATUM - Linden Viburnum.** Large clusters of creamy white flowers in May-June. Scarlet-red shiny berries in fall persisting all winter.

1yr sdlg, 3-5" light ..... .04  
 (\$.02½ a. per 1000)

1yr sdlg, 4-6" medium ..... .06  
 (\$.04 ea. per 1000)

1yr sdlg, 5-10" strong ..... .10 .07½  
 (\$.06 ea. per 1000)

2yr sdlg (1yr bed, 1yr heeled), 1-2' .... .20 .15  
 (\$.12½ ea. per 1000)

**FRAGRANS - Fragrant Winterblooming Viburnum.** A wonderfully fragrant viburnum with pink clusters of flowers appearing between January and March depending on the mildness of the weather.

2¼" pot, own root ..... .45 .35

**RHYTIDOPHYLLUM - Leatherleaf Viburnum.** Stout-branched evergreen with large, heavy, dark green, heavily wrinkled leaves. Large yellowish-white flower cymes in May-June. Fruits are red changing to black. Very showy year around.

2¼" pot, own root ..... .35 .30

**SETIGERUM - Tea Viburnum.** White flowers with purple calyx in May-June. Red berries cover the plant in the fall and remain attractive well through the winter.

1yr sdlg, 2-4" medium ..... .10 .07½  
 (\$.06 ea. per 1000)

1yr sdlg, 4-12" strong ..... .12½ .10  
 (\$.07½ ea. per 1000)

**SIEBOLDI - Siebold Viburnum.** Creamy white flowers in May or June. Large lustrous dark green foliage. Pink fruits change to black.

2¼" pot, own root ..... .25 .20

**TOMENTOSUM - Doublefile Viburnum.** Flat heads of white flowers in June followed by red to black berries.

2¼" pot, own root ..... .25 .20  
 (\$.17½ ea. per 1000)

**—PLICATUM - Japanese Snowball.** Showy white snowballs in June. Foliage turns wine red in fall. Red fruits change to black. One of the showiest shrubs.

2¼" pot, own root ..... .25 .20

**WRIGHTI - Wright Viburnum.** Bright scarlet berries that stay on all winter in thick attractive clusters. More upright and compact than the dilittatum otherwise similar.

1yr sdlg, 2-3" medium ..... .12½ .10

1yr sdlg, 3-8" strong ..... .15 .12½

2yr sdlg (1yr bed, 1yr heeled) 1-2' ... .20 .17½

**WISTERIA SINENSIS BLUE - Blue Chinese Wisteria.**

1yr sdlg, 3-5" medium ..... .07½ .05

1yr sdlg, 5-10" strong ..... .10 .07½

	each per 10	100
<b>WISTERIA FLORIBUNDA</b> - Japanese Wisteria. Extra long clusters of flowers on sturdy, hardy vines.

## INEXPENSIVE WOOD FLATS

PINE - USE FOR VEGETABLE PLANTS, ORDERS ETC.

ALREADY ASSEMBLED - READY TO USE

APPROX. 13 x 16 x 2¼ INSIDE MEASURE

NO SHIPPING

\$15.00 per 100

**NOTES**

# TERMS AND CONDITIONS OF SALE

50 AT 100 RATE - 500 AT 1,000 RATE

---

**PRICES** quoted herein cancel those in all previous lists, are subject to change without notice and are quoted to members of the trade only. Proof of such other than mere statement must be established.

**TERMS** to those with established credit are 2% 10, net 30 days from date of shipment or invoice which ever is later, packing charged at cost. All others are required to remit in full (**no discounts**) with the order for which we in turn will pack free of charges or to remit 50% (no discounts) with the order with the balance plus packing charges paid C.O.D.

(Please note: Prepaid orders earn their discount in the form of packing without charge. No further discounts other than special offer discounts are acceptable.

**RATES:** 10 to 49 of one species, variety and grade are priced each at the 10 rate, 50 or more at the 100 rate when listed and 500 or more at the 1000 rate when listed. Unless otherwise stated not less than 10 of any one species, variety and grade will be sold.

**SHIPMENTS** travel at the risk and cost of the purchaser and will be forwarded via railway express. Requests for parcel post shipment must be accompanied by sufficient postage (usually 10% - balance will be refunded). Truck deliveries at cost may be arranged. Orders may be picked up at the nursery by previous arrangement only.

As the stock permits, orders will be shipped in order of receipt. We can not guarantee prompt shipment of late orders. Order early.

**CLAIMS** must be made in writing within 10 days of receipt of shipment. Inspect damaged or overdue containers at time of receipt and obtain report from or initiate claim to the agent.

**GUARANTEE:** We shall willingly replace any stock that proves untrue to name but will in no case be liable for more than the original purchase price.

**NOTICE:** All stock is offered subject to prior sale. Orders will be accepted in order of receipt and only on condition that they may be voided due to crop failure, inclement weather, drought, fire, frost, strike, etc. We reserve the right to delay shipments to the best interest of the plants.
